Spider Launches 5th Edition of Solutions Catalog

Seattle – Spider, a division of SafeWorks, LLC, announces the release of the 5th edition of its Spider Solutions Catalog, the most comprehensive product catalog in the suspended scaffold industry.

With over 65 years of market leadership, Spider presents its best Solutions Catalog yet, nearly a decade in the making. Here are the highlights:

- New & improved products:
 - 7 ft modular platform
 - SpiderRail™ temporary, non-penetrating guardrail
 - SpiderLine™ temporary horizontal lifeline system
 - Astro E1500 hoist
 - Beta Max Hoist, Inc. material hoists & accessories
 - Improved harness & lanyard features
 - Innovative wind turbine access solutions
 - Spider Systems Group –dedicated team of experts specializing in project management, systems engineering, field support & safety code expertise for critical access projects
- Twenty-one in-depth case studies to showcase Spider's expert solutions capabilities for various access application challenges
- Reorganization to improve the flow and product categorization, making it easier for customers to locate the solutions they need
- Updated product content - key features, specifications, drawings, photographs & accessory lists – to ensure the information is reliable

Over the past decade, Spider's Solutions Catalog has become a trusted desktop reference guide, so we have kept the best features - codes & regulations, usage guidelines, training options, counterweight formulas, and a glossary of industry terms - to assist customers in the proper use of their equipment and answer frequently asked questions.

"Spider is committed to putting the solutions our contractors and facility owners need most directly into their hands," states John Sotiroff, Vice President – Sales & Distribution. "There is no better tool to accomplish this than the 280 pages of our Solutions Catalog. This 5th edition is truly our best yet. Our product offering continually expands and improves to meet the most crucial needs of our customers, and the reorganized, updated reference guide makes it easy for them to find everything they need to solve their access & fall protection challenges safely & reliably in one convenient place."

Catalogs can be requested or downloaded online at www.spiderstaging.com, or by calling 877-774-3370.

About Spider:

Founded in 1947, Spider, a division of SafeWorks, created the powered suspended access business by introducing the well-known Spider basket. Since then, our product and service offering has expanded greatly to serve the needs of an ever-growing marketplace. Spider is the largest manufacturer and distributor of access and safety solutions in North America, serving more customers from more locations with a wider variety of products and services than any other company. From baskets, traction hoist and platform rental, to safety and training, to specialty-engineered products - Spider has a strong team of professionals, along with a national network of sales, service and support capabilities to provide you with the most reliable access solutions available.
