

Training Expertise

Spider has trained thousands of technicians to safely work with suspended access equipment all over the world.

Over 65 Years of Market Leadership

Spider is the largest manufacturer and distributor of access and fall protection solutions in North America, serving more customers with a wider variety of products and services than any other company. Spider's national footprint, nationwide inventory, trained employees and consistently available professionally serviced products are proven to deliver a more reliable experience.

Spider Works on Offshore Projects Globally- Safely & Reliably... Since 1947.

Whether you're looking to rent access solutions or to add to your equipment fleet, Spider has the product and service solutions available across the world to get the work done productively. Spider partners with the best-managed contractors in North America and beyond. These owners and leaders demand reliability and they put their trust in Spider.

- Investment in operational excellence to drive reliability and consistency across the Americas
- Extensive offshore industry expertise

Safe, Reliable Mid-air Offshore Transfers

Our quality steel chain makes it easy to transfer mid-air and expedites horizontal travel through structural steel safely and efficiently.

Access Sales, Rentals, Labor Services, Fall Protection Solutions and Training

Reliability, Safety & Productivity for Offshore

With nearly seven decades of experience in putting people to work at height safely and productively, Spider provides innovative access solutions for work in refineries, tank farms, shipyards, offshore platforms and heavy construction, helping you solve the most complex maintenance and repair project requirements.

Suspended Scaffolding & Rigging Solutions

From basket and platform rental, to permanent installation solutions, to safety and training, to specialty engineered products - Spider has a strong team of professionals, along with a national network of sales, service and support capabilities to provide you with the safest turnkey access solutions possible.

Fall Protection

Safety is inseparable from elevated work and is part of our daily lives. For over 65 years, contractors have been depending on Spider to provide solutions that work—safely and profitably. Our products have been thoroughly tested and certified to the most rigorous standards issued by OSHA and ANSI.

We strive to make you more productive in ways you value:

- Increased uptime
- Better productivity
- Lower total cost of ownership
- Safer operation for your employees

www.SpiderStaging.com

Spider's ST-17, the industry standard for offshore, is the invention that started the powered access industry in the 1940s, forever changing the way work at high elevations is accessed.

DRILL SHIP

JACK-UP

"I have just received another Spider basket on my offshore rig. I have ordered a Spider basket for every rig I am assigned to and use the Spiders very successfully. My first job offshore was on a spy ship named the Hughes Glomar Explorer in 1974. We were raising a sunken Russian submarine and had 2 Spider baskets onboard the ship for that mission. Thanks for 40 years of working with Spider – it is a great product."

Glenn T. Clemens, Barge Capt West Pealut

SEMI SUBMERSIBLE

The most versatile work basket engineered for safe, efficient operation in hazardous and corrosive environments.
