Access Sales, Rentals, Labor Services, Safety Solutions and Training

One Strong Team

Spider's range of solutions puts workers on the large industrial and commercial projects safely and productively. As the acknowledged industry leader, Spider offers unparalleled expertise for any temporary powered access application. From high-rise commercial buildings to industrial facilities such as bridges, water towers, offshore oil platforms, wind turbine generators, dams, power plants, nuclear facilities, and countless other critical infrastructure sites, Spider is the trusted access solutions supplier for safely maintaining virtually any type of structure.

Suspended Scaffolding & Rigging Solutions

From basket and platform rental, to permanent installation solutions, to safety and training, to specialty engineered products - Spider has a strong team of professionals, along with a national network of sales, service and support capabilities to provide you with the safest turnkey access solutions possible.

Fall Protection

Safety is inseparable from elevated work and is part of our daily lives. For over 65 years, contractors have been depending on Spider to provide solutions that work—safely and profitably. Our products have been thoroughly tested and certified to the most rigorous standards issued by OSHA and ANSI.

We strive to make you more productive in ways you value:

- Increased uptime
- Better productivity
- Lower total cost of ownership
- Safer operation for your employees

Revolution Tower Panama City, Panama
Project Scope: Glass installation on both the vertical face and the underside of 48 projecting floor levels.

LANDMARK

Safeco Stadium Seattle, WA
Project Scope: Provided 2 line and single line powered access stages for painting the stadium.

"I have just received another Spider basket on my offshore rig. I have ordered a Spider basket for every rig I am assigned to and use the Spiders very successfully. My first job offshore was on a spy ship named the Hughes Glomar Explorer in 1974. We were raising a sunken Russian submarine and had 2 Spider baskets onboard the ship for that mission. Thanks for 39 years of working with Spider – it is a great product."

Glenn T. Clemens, Barge Capt West Pealut
